

19.7. APRIL.

Commissioners re elec dist.

In 1982/83 my electoral area was Mount Hawky. I voted at the local school in between work periods I worked 2 shifts in a day.

Electoral boundary shifted again to Maylands area member Dr Judy Edwards labor so I made sure I went to her political meetings because I felt comfortable with the attendees like me none living in \$1 million houses such as Mount Hawky. So it was a social consensus.

Once again 3 years ago ?? boundary shifted again now I am back in Mount Hawky. I noted the boundary changes were not widely known. I knew because I saw a tiny advertisement about the change.

Please advertise the next changes maybe larger notices especially in the local papers. ✓
