Electoral Boundaries

I write this submission as a long term resident of Yanchep/ Two Rocks, regarding the suggestion that Yanchep and Two Rocks revert back to the Moore electorate.

During the 31 years I have lived in the area I have seen many changes here, although this is mainly over the time that we have been in the Butler electorate.

Previously under the Moore electorate which is mainly agriculture we rarely saw any of the candidates or elected member as they have such a large area to cover and very rarely had anyone take up our issues.

We are now closer to the CBD with the extension of Marmion Avenue , the Railway and Freeway.

Yanchep and Two Rocks is now in a position to grow to such an extent that we will become our own city in the near future and will need an extra electorate just for the area.

Please take into consideration that we should not revert back to an agricultural electorate as this will be seen as a step backwards and not looking to the future of a fast growing area.
